

Dani Edgerton – Cebor Greyhounds

The Creech family began their Greyhound journey in 1970 with Ch. Aroi Firebrand and a dog imported by Cecil Creech and Barb Henderson from England, Ch. Shaunvalley Anton. Under the **Cebor** prefix, my parents and Barb Henderson built a legacy rooted in structure, function, and temperament.

I began showing greyhounds before the age of fifteen, having already competed in junior showmanship and obedience with an Afghan. By the early 1980s, our family was coursing both Greyhounds and Afghans, and had finished many champions with limited breeding.

I joined the Greyhound Club of America in 1982. Over the years, I have served as newsletter editor, specialty show chair, president, vice president, and have particularly enjoyed judge education and ringside mentoring. I have trained dogs for my whole life and currently own and operate a dog daycare and training facility, two retail stores and a raw food and treat processing plant.

Today, I find great joy in mentoring new enthusiasts, grading litters, and watching Elizabeth continue our family tradition, exhibiting our dogs beautifully and running them as time permits. But above all, I still love simply watching the Greyhounds at home—graceful, gentle, and endlessly captivating.

Elizabeth Edgerton - Cebor Greyhounds

Elizabeth Edgerton first entered the show ring at three years old ... well, actually she wasn't supposed to be there and she didn't have a dog but her father was in the ring and she joined him.

Fast forward two years and Elizabeth officially showed her very first dog in peewee handling at a puppy match in Canfield. Then she caught the dog show bug and hasn't stopped showing since.

From the time Elizabeth entered junior showmanship, she began assisting some truly remarkable handlers and learning all she could from them. As a third generation dog show enthusiast, Elizabeth was a natural at showing from the start. Both her grandparents and her parents had shown dogs throughout their lives. Elizabeth has the gentle confidence with dogs that comes from those years of experience and background.

At 20 years old, Elizabeth decided she wanted to begin handling dogs professionally. She was and is a certified groomer who works at Paws on Main in Columbiana Ohio and she owns a boarding kennel in Canfield Ohio. The first thing she did was to purchase a retired airline transport and converted to her dog bus.

Elizabeth has successfully bred some lovely greyhounds under her family's Cebor prefix and shown dogs of her breeding to their championships and grand championships. Multiple group winners and placers. Breeding greyhounds to preserve this beautiful breed is one of Elizabeth's passions.

During her years in the ring, Elizabeth has shown a variety of breeds. Among those are her beloved greyhounds, Basenjis, Briards, Pyrenean Shepherds, Fox Terriers, Golden Retrievers and Afghan Hounds. She especially loves working with puppies to get them ring ready and has a light touch to bring the most out of them and help them love the experience.

It is a joy to watch her handle each breed and each dog with a focus on breed type, appropriate moving style and an understanding of the breed standards. She takes her relationship with the individual dog and her understanding of their best qualities into consideration when planning her handling strategy.
